

Meeting Minutes	Date: 08/09/2026 Time/Location: Physically in University
Meeting with:	Susmita Sharma Devi Maya Jenish Gurung
Purpose of Meeting:	Reviewed the Business Analyst responsibilities during the development stage. Discussed requirements, clarification, and coordination with the team. Notes Development has started, so the focus was on supporting ongoing implementation. Requirements and user stories were reviewed to ensure they remained clear.
Key notes Requirements should remain aligned with the development progress. Clear communication between BA, developers, and testers is important.	Decisions Agreed to keep requirements and user stories updated throughout development. Any changes or unclear requirements will be discussed and documented before implementation.
Action items Review and update user stories and acceptance criteria where required. Document requirement changes and clarify any issues with the development team, self study is in progress as for interview in later weeks	
Next steps Continue monitoring development against the approved requirements. Support the testing team by providing clarification when required.	
Next meeting	Date: 15/09/2026,CDU Campus Time: 4:00PM
