BIBEK KC

Software Developer|QA

Sydney, Australia | kcbibekmail@gmail.com | +0431993045 | https://bibek-portfolio.vercel.app/

SUMMARY

Enthusiastic and detail-oriented tech professional with a passion for problem-solving and continuous learning. Seeking an entry-level role where I can contribute to innovative projects and grow as a developer/technologist in a collaborative team environment.

WORK EXPERIENCE

Full Stack Web Developer

Feb 2024 - April 2025

Brand-Builder,Pokhara, Nepal

- Developed responsive, user-friendly interfaces for a SaaS product using modern frontend technologies, improving usability across devices.
- Built and enhanced backend features and services, extending the product's functionality and supporting new capabilities.

EDUCATION

Masters of Information Technology (Software Engineering)

Charles Darwin University, Sydney Campus *2025 - 2027*

PROJECT EXPERIENCE

TripMate - Trip Planning Website

Developer & Quality Assurance

A web-based trip planning platform that helps users plan and manage their travel in one place.

- Designed and built the backend using ASP.NET Core, developing APIs that power the platform's core features and business logic.
- Worked on frontend feature to build responsive interface.
- Integrated the APIs with a MySQL database, using Entity Framework for efficient, structured data access and management.
- Implemented JWT-based authentication to secure user data and protect API endpoints.
- Conducted white-box testing to validate internal logic, code paths, and code quality.
- Developed automated Selenium test scripts to verify key user flows and reduce manual effort.

SKILLS

Languages	C#, JavaScript, Python, SQL
