NIKESH SHRESTHA

Data Analyst and DBA

newarnikesh73@gmail.com | +61411335364 | DeeWhy, NSW, 2099

SUMMARY

Enthusiastic and detail-oriented IT student seeking an entry-level opportunity as a Junior Data Analyst or Junior Database Administrator. Possesses foundational knowledge of SQL, MySQL, MongoDB, database design, data cleaning, and data validation. Gained practical experience managing datasets, writing SQL queries, designing Entity-Relationship Diagrams (ERDs), and troubleshooting database issues through an academic software development project. A quick learner with strong analytical thinking, problem-solving, teamwork, and communication skills, eager to contribute to a professional team while expanding technical knowledge.

WORK EXPERIENCE

Academic Project **Aug 2026 - Present**

- Selected and worked with MySQL to organise and manage travel destination data.
- Collected and prepared Australian world-city dataset records for database use.
- Imported data into MySQL tables and checked the accuracy of imported records.
- Used SQL queries to retrieve, filter, and verify destination information.
- Identified and resolved data import issues, including records being imported into the wrong table and duplicate entries.
- Developed an Entity-Relationship Diagram (ERD) to represent the database structure and relationships.

EDUCATION

BSC Csit

Jan 2019 - May 2024

Tribhuwan University

Masters in Software Engineering

July 2025 - Present

Charles Darwin University

KEY SKILLS

- Database Systems: MySQL, MongoDB
- SQL: Basic queries, filtering, sorting, joins, aggregate functions, and data retrieval
- Data Analysis: Data cleaning, validation, organisation, and quality checking
- Database Design: ERDs, tables, primary and foreign keys, and relationships
- Database Administration: Basic database maintenance, data integrity, backup concepts, and access control
- Tools: MySQL Workbench, Microsoft Excel, Visual Studio Code
- Programming: Python, JavaScript
- Other Skills: Technical documentation, troubleshooting, teamwork, and communication
