PROFESSIONAL SUMMARY

Frontend Web Developer and Report Analyst with 2+ years of professional experience building responsive web applications with HTML, CSS, JavaScript and React, and automating data reporting with Python. Currently completing a Master of Information Technology (Software Engineering) in Sydney. Skilled at working with cross-functional teams and stakeholders to deliver reliable, user-friendly software and clear, accurate reports.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript, React, responsive design, REST API integration, web accessibility, Git
Reporting and Analysis: Python (Pandas, NumPy), SQL, MySQL, Tableau, report automation, data cleaning
Backend and Databases: Python, Flask, SQLAlchemy, Java, ASP.NET, C, C++, MySQL
Soft Skills: Problem solving, attention to detail, communication, teamwork

PROFESSIONAL EXPERIENCE

Developer (Frontend)

- Developed and maintained responsive, user-friendly websites using HTML, CSS, JavaScript and React.
- Worked with cross-functional teams to design and build scalable web applications that met client requirements.
- Integrated RESTful APIs and third-party services, and optimised front-end performance.
- Built data-driven web applications using Python, Flask and SQLAlchemy.
- Automated repetitive reporting processes with Pandas and NumPy, saving 20+ hours of manual work weekly.
- Ran code reviews and applied Git version control best practices.
- Ensured web accessibility and security compliance through regular testing and debugging.
- Worked with stakeholders to define technical requirements and deliver robust solutions.

Report Analyst

- Prepared and maintained regular reports, turning raw data into clear summaries for the team and stakeholders.
- Cleaned, checked and analysed data to keep reports accurate and consistent.
- Worked with team members to understand reporting needs and delivered results on time.

PROJECTS

Trip Mate - Travel Planning Website

- Designed and built a responsive travel planning website using HTML, CSS and JavaScript.
- Created a clean, mobile-friendly interface that works across browsers and screen sizes.
