TRIPMATE — MEETING MINUTES

Week 10 | Draft for team verification

Project	TripMate — Travel Planning Web Application
Meeting date	Tuesday, 29 September 2026
Meeting focus	Final testing and presentation preparation
Attendees	Susmita Sharma, Bibek KC, Simran Chauhan, Nikesh Shrestha
Chair / minute taker	Team meeting / to be confirmed

1. Agenda

• Review remaining defects and the status of fixes.

• Run through the main application scenarios and identify any regression risks.

• Plan presentation content, role allocation and demonstration flow.

2. Discussion summary

• The team reviewed the main TripMate features and discussed whether the implemented behaviour matched the agreed requirements.

• Testing priorities included role-based access, destination filtering/selection, hotel booking and cancellation rules, and common validation cases where implemented.

• The team discussed how to explain the problem, solution, architecture, team contributions and testing approach during the presentation.

3. Decisions

• Focus remaining development time on high-priority defects and reliable demonstration flows.

• Each member will prepare a concise explanation of their contribution and provide supporting evidence where available.

4. Action items

Owner	Action	Due
Susmita Sharma	Complete priority test checks, update defect status and prepare BA/testing talking points.	Before presentation
Bibek KC	Confirm backend/API stability for the demonstration.	Before presentation
Simran Chauhan	Review UI flow and coordinate presentation slides/report content.	Before presentation
Nikesh Shrestha	Confirm destination data and prepare data-related project explanation.	Before presentation

Next meeting / follow-up: Review outstanding actions and update the project task board as needed.

Note: These minutes are prepared as a project-document draft based on the TripMate workflow and the dates provided. Please amend any discussion, decisions, attendees or actions that do not match what actually occurred.
